How To Run the Program

General Steps

- Unzip the file "TwitterPoetry"

- Open "TwitterPoetry.pde"

- You can wait to see the dimming effect of the background

- Hover over individual stars to view:

  - tweets by Twitter users

  - Inspirational phrases

  - Background lighting up

Install Twitter4j library (http://twitter4j.org/en/index.html)

- follow the instructions to setup Twitter API at: http://46.101.4.217/tutorials/processing-and-twitter/processing-and-twitter-getting-started/
